Dear Valued Patient,

Thank you for choosing Genesis Pain Specialists. We believe that each patient's pain is unique and should be treated as such. Genesis Pain Specialists utilizes a variety of treatment modalities, such as: Physical Therapy, Injection Therapies, Spinal Stimulators, and Medications.

To best serve our patients, we require that all new patients complete the "New Patient Packet" (NPP). New patients will also be required to complete two functional questionnaires, which may be repeated multiple times throughout the course of treatment, as they allow Dr. Cabaret to monitor progress. Please fill out the NPP to the best of your ability. The NPP must be completed and returned to the office before we schedule your initial consultation. Once we have received your NPP, we will contact you to schedule a consult. Please return this NPP to our office:

#### **Late/Missed Appointment Policies**

<u>Patients are required to arrive on time for all appointments.</u> Patients who arrive late for visits cannot expect or demand to be seen. Late patients may be placed on a waiting list to be seen if an appointment allocation becomes available. All patients who arrive on time will be seen prior to late patients. <u>Patients who arrive 10 minutes or later will be rescheduled</u> to the next available appointment time. Patients on medications should take extra care to arrive on time; no prescriptions will be written without a physician appointment. In addition, if you are on a controlled substance, missed/late appointments are considered as aberrant behaviors and your medications may be tapered.

Should you need to cancel or reschedule your appointment, we will require a minimum of 24 hours' notice. No-show fees for appointments missed without notice will be charged as follows: \$50 for the first no-show, \$100 for the second no-show, and \$150 for the third no-show. No-show fees are due at the date of the next appointment and patients will not be able to see the physician without making payment. Appointments will not be rescheduled following the third no-show. Insurance companies do not cover fees for missed appointments.

#### **Patient Information Updates**

Patients are required to provide us with any updates or changes to patient information. These updates include, but are not limited to, insurance policy, address, phone number, and medication lists. We regularly contact patients and cannot provide adequate service (including appointment reminders) without up-to-date contact information.

#### **Billing Information and Policies**

Payments are dependent on services rendered and insurance coverage. Co-payments are dependent solely on insurance coverage ("Specialist" fee). New cash patients are required to pay a \$1200 consultation fee. All follow up visits have a \$300 fee. Urinalysis fees must be paid when prompted; urine screens are mandatory in some types of medication management. Please be prepared to pay the entire amount at each visit.

I hereby authorize Dr. Cabaret to release my medical information to necessary insurance companies for the sole purpose of obtaining payment for care. I hereby assume financial responsibility for all charges incurred for services rendered not covered by my insurance company. I understand that I will be required to pay co-payments, amounts applied to deductibles, and balances of bills not paid in accordance with benefits of my insurance. If I am unable to make payments in full within 30 days of treatment, I agree to call the billing company, Pacific Medical Management at (310) 792-3914 to make payment arrangements.

I certify that the information I have reported regarding my insurance coverage is correct and current. I authorize Dr. Cabaret to verify insurance coverage and benefits allowed in accordance with my insurance company.

I hereby authorize payment for all medical insurance benefits which are payable under the terms of my insurance policy to be paid directly to Dr. Joseph Cabaret, MD or designates for services rendered.
